

# Remember to register all waste in Carrot

This property uses Carrot to track the waste from each tenant, to improve recycling, streamline reporting and reduce waste costs.

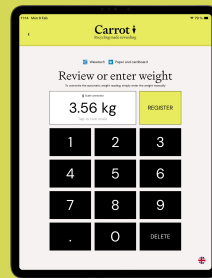

## Register your waste on the iPad

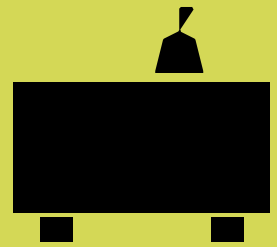

Place your waste on the scale

Select company and waste stream

Review or enter weight

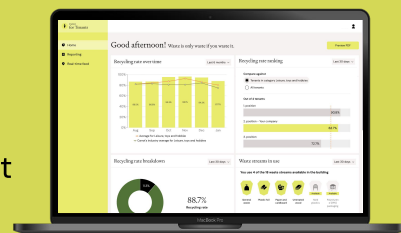

Throw your waste in the right bin

## See how your company is doing

1. Go to [www.tenants.carrot.tech](http://www.tenants.carrot.tech)
2. Log in using your company code

If you don't have your company code available, contact the building manager or [support@carrot.tech](mailto:support@carrot.tech).

Recycling made rewarding
